### Monitoring and recommendations recommendations

- Interventions and interventions
- Consolidating a fully recommended head having a clear and on the ground product for the design

# Methodology: A Multi-Faceted Approach

1

## Soft Skills

Mapping competencies.

2

## Learning Platform

For refugees & IDPs.

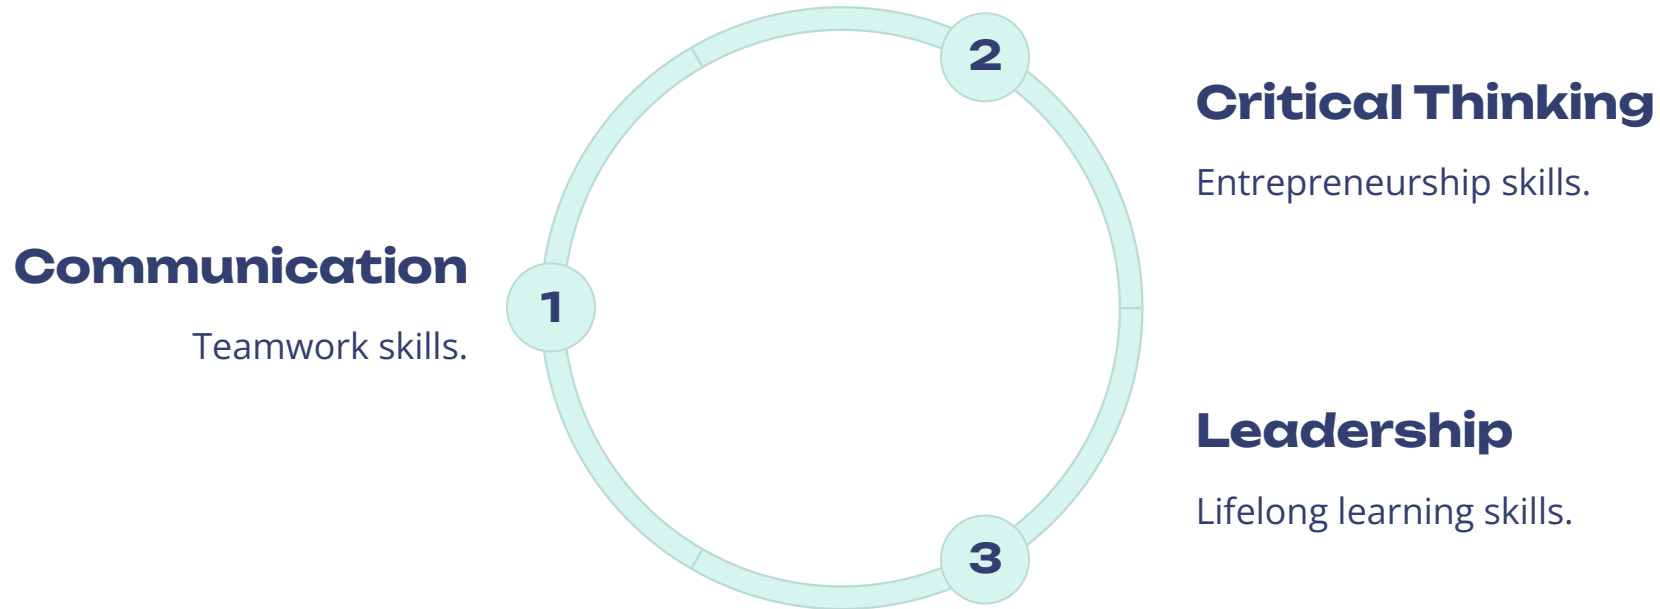

3

## Monitoring

Guiding policy.

A structured approach to achieve project objectives.

# Soft Skills Model: Building Essential Competencies

# Module Areas: Comprehensive Educational Content

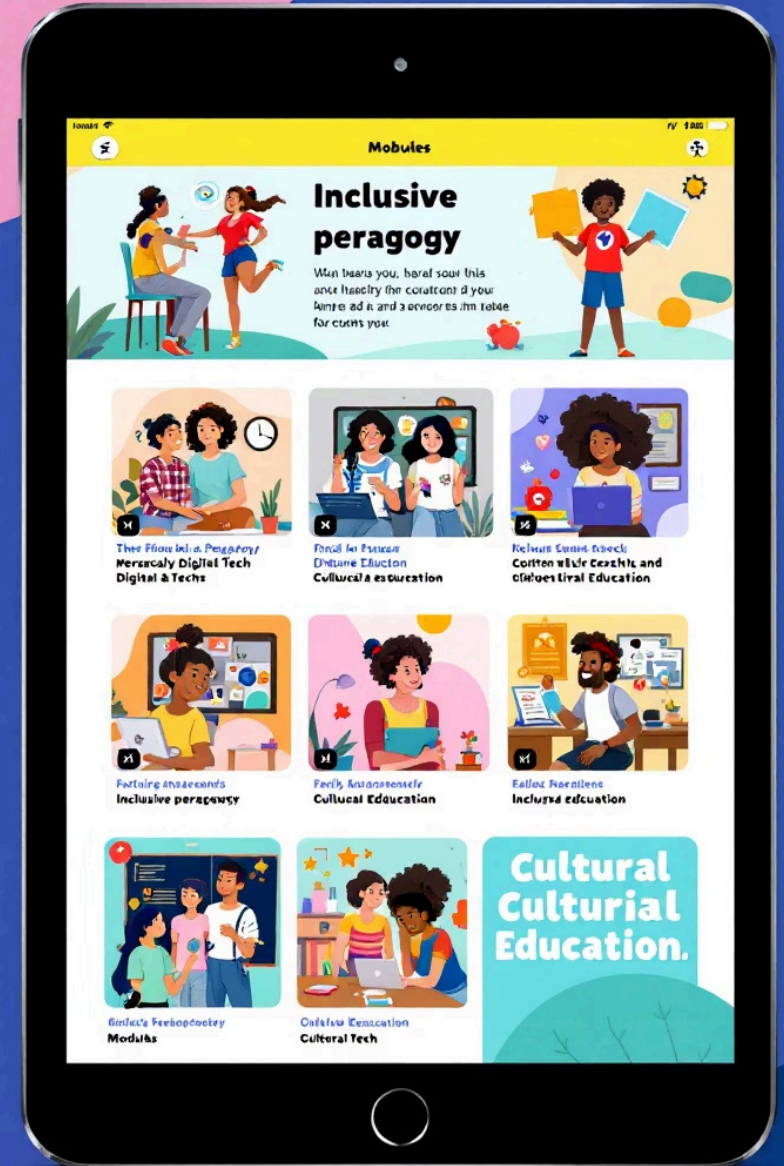

**Inclusive Pedagogy**

**Adaptive Resources**

**Multilingual**

**Digital Tech**

Focusing on technology and health education.

# Expected Outcomes: Transformative Impact

1

## Improved Practices

Enhanced teacher practices.

2

## Capacity Building

Sustainable development.

3

## Skilled Graduates

Employable refugees.

# Stakeholders & Partners: A Collaborative Network

## Ministries

Education, Immigration.

## Organizations

UNHCR, UNICEF.

## Institutions

KISE, CUE, TSC.

Collaboration for effective implementation.

# Strategic Impact: Broadening Educational Horizons

4

## Collaboration

South-South-North partnership.

3

## Capacity

Innovation in HEIs.

1

## Education

Inclusive education.
